සෞඛ්‍ය අමාත්‍යාංශය சுகாதார அமைச்சு Ministry of Health

Kapruka Holdings PLC,
No.147, Old Kottawa Rd,
Nugegoda,
Dear Dulith Herath,

Acknowledging the humanitarian effort

We hope this letter finds you in good health and high spirits.

The Ministry of Health hereby acknowledges and appreciates the valuable contributions made by Kapruka Holdings PLC towards uplifting the healthcare standards in Sri Lanka. The commendable initiatives undertaken through your charity arm, Yuthukama, reflect your organization's commitment to serving the country's needs and the welfare of its citizens.

We are writing to express our gratitude for your latest initiative to improve neonatal care at the Castle Street Hospital for Women. Your commitment to fund one neonatal ventilators unit fully, alongside your plan to raise funds for two additional units, demonstrates your continuous dedication to societal improvement and the wellbeing of our most vulnerable citizens. This endeavor aligns with our mission of ensuring that every Sri Lankan citizen, regardless of their circumstances, has access to the highest quality healthcare.

With this letter, the Ministry of Health officially acknowledges Kapruka Holdings PLC's commitment for the two incubator units at Castle Street Hospital for Women. We are confident that your efforts will inspire other organizations and individuals to come forward in contributing to the betterment of our healthcare system.

We encourage you to maintain your transparency pledge throughout this fundraising process. Your commitment to directing all funds raised towards the purchase of the incubators without deducting any administrative or ancillary costs is noteworthy.

Once again, we thank you for your initiative, commitment, and contribution to the Sri Lankan healthcare system. We wish you the very best in your fundraising efforts and look forward to the positive impact this initiative will have on neonatal care at the Castle Street Hospital for Women.

Yours sincerely,

Dr. Anver Hamdani
Coordinating In-Charge for Covid-19 and Health Care donor activities
